THE STM INTERNATIONAL PENSION PLAN

KEY FEATURES

THE FINANCIAL CONDUCT AUTHORITY (FCA) IS A FINANCIAL SERVICES REGULATOR. IT REQUIRES US, LONDON & COLONIAL SERVICES LIMITED (LONDON & COLONIAL), TO GIVE YOU THIS IMPORTANT INFORMATION TO HELP YOU TO DECIDE WHETHER THE STM INTERNATIONAL PENSION PLAN IS RIGHT FOR YOU. YOU SHOULD READ THIS DOCUMENT CAREFULLY SO THAT YOU UNDERSTAND WHAT YOU ARE BUYING.

WHAT IS THE PURPOSE OF THIS DOCUMENT?

The purpose of this document is to provide you with a summary of the information that you may require concerning The STM International Pension Plan and its Key Features.

By providing you with answers to those all important questions, we hope to assist you in determining whether or not The STM International Pension Plan will meet your requirements.

WHAT IS THE STM INTERNATIONAL PENSION PLAN?

The STM International Pension Plan is a brand name of the International SIPP which is a UK Registered Pension Scheme also known as a Self-Invested Personal Pension (SIPP).

It is administered in accordance with Her Majesty's Revenue and Customs (HMRC) rules and regulations for such schemes and offers tax reliefs on investments and appropriate benefits.

As a long-term tax efficient savings plan, The STM International Pension Plan is designed to help you to invest more effectively up to and into your retirement. The STM International Pension Plan offers you the opportunity to select from a wide range of investment products, and asset classes.

The STM International Pension Plan provides access to London & Colonial's panel of Investment Providers - including Investment Managers, Execution Only Stockbrokers, Offshore Bonds, and Investment Platforms. Please note, however, that all investments will be subject to our Permitted Investment criteria.

Aims

- To provide you with the opportunity to build up a pension fund in a tax efficient way, in order to provide you with a range of options for retirement.
- To give you control over investment choices and decisions you may make (under guidance from your Financial/Investment Adviser if required).
- To enable you to build up a fund that you can use to provide lump sum and/or income benefits, when you retire.
- To provide you with the flexibility to take your pension fund in one go or in stages. The timing and amount of these withdrawals will be a matter for you to decide as suits your circumstances.

- To allow you to buy a pension annuity and/or draw your pension income directly from your pension fund.
- To provide your beneficiaries with lump sum and/or pension income benefits from your residual fund in the event of your death.

Your Commitment

- To transfer-in benefits from alternative pension arrangement(s) you may already have.
- To wait until at least age 55 prior to taking any benefits (unless you are in ill health, in which case exceptions to this age limit could apply).
- To regularly review, together with your Financial Adviser, the performance of the investments held within The STM International Pension Plan, so as to ensure the amount of retirement benefits you are anticipating remains achievable.

The risks

As the value of your investments, as well as any income derived from them, can go down as well as up, the value of your pension fund cannot be guaranteed and you could get back less than the amount originally invested. Please be aware that past performance should not be taken as any indication of an investment's future returns. All fees associated with The STM International Pension Plan are subject to change. The fees may therefore be more than those assumed in the illustration. For full details of the fees and charges that currently apply, please refer to our Schedule of Fees document (available via our website, or upon request).

- Should you decide to take your pension benefits earlier than originally intended, please be aware that your expected level of income may reduce.
- The value of investments not held in pounds sterling may be adversely affected by fluctuations in currency exchange rates.
- The spending power of your investments and retirement benefits may reduce over time due to the eroding effects of inflation.
- The tax treatment of your investments, retirement income, and/ or other benefits for taxation purposes may be subject to change, therefore cannot be guaranteed for the future.
- Should you decide to cash in this plan at retirement you could face a substantially higher tax charge than by taking regular benefits.

FREQUENTLY ASKED QUESTIONS

Who can have The STM International Pension Plan?

The STM International Pension Plan is available to anyone over the age of 18, living in or outside of the UK wishing to benefit from a UK flexible retirement solution.

Who is it suitable for?

The STM International Pension Plan is suitable for individuals wishing to build up a UK-based retirement fund through a variety of different investment options, and is an ideal choice for those wishing to remain invested while taking benefits from their pension scheme.

Is there a minimum investment required?

The STM International Pension Plan requires a minimum investment of £40,000, funded through a transfer from a UK Registered Pension Scheme or Recognised Overseas Pension Scheme.

What are the components of The STM International Pension Plan?

There are three main components that make up The STM International Pension Plan:

i) Core Component:

Provides you with the services you need to set-up and run The STM International Pension Plan and gives you access to a broad range of services available through our panel of Investment Providers. These Investment Providers include Investment Managers, Execution Only Stockbrokers, Investment Platforms, and Offshore Bond providers. Further details can be found on our website, or obtained directly from our Head Office upon request.

ii) Additional Investment Component: (Optional)

Enables you to invest within any of our permitted investments and allows you to use Investment Providers not necessarily already present on our panel. This will give you a wider range of investment opportunities.

iii) Benefits & Income Component: (Only required when drawing benefits)

Upon deciding that you now wish to start taking your pension benefits from The STM International Pension Plan, the addition of the Income Component will provide you with access to these benefits.

TRANSFERS

What type of transfers can The STM International Pension Plan accept?

Transfers from any UK Registered Pension Scheme, or Recognised Overseas Pension Scheme, are acceptable.

Transfers can be made in cash or, for those assets included in our Permitted Investments List, on an "In-Specie" basis.

Transfers from existing schemes that may already be in flexi-access drawdown are also accepted. Transfers of funds in capped drawdown can be accepted, but will be converted to a flexi-access drawdown basis.

INVESTMENTS

What investments can I access within The STM International Pension Plan?

Our Core Component provides access to our panel of Investment Providers, Investment Managers, Execution Only Stockbrokers, Investment Platforms, and Offshore Bond providers.

If you wish to invest with more than one Investment Provider on our panel or to use a provider that is not on our panel you can do this (subject to our approval) by simply adding the Additional Investment Component.

It is important to note that all investments carry a degree of risk, some more than others, and you may get back less than you originally invested. In some cases you may even lose all of your investment.

All available investment classes are outlined in our Permitted Investments List. London & Colonial **does not** offer investment advice.

Any wise investment decision requires an appreciation of the future marketability and/or liquidity of the chosen investment, and the maintenance of an appropriately balanced investment portfolio is important.

Although we cannot provide advice regarding the suitability of any investment, we do reserve the right to refuse to hold within The STM International Pension Plan any proposed investment not included on our Permitted Investments List.

What are the permitted investments?

For a list of the range of investment types that are acceptable for inclusion within The STM International Pension Plan, please refer to our Permitted Investments List. A copy of this is accessible via our website at www.londoncolonial.com/downloads or available from us upon request.

Please note: London & Colonial reserve the right to amend the Permitted Investments List at any time.

Can I manage my own investments?

Provided you keep within the Permitted Investments List, your Financial Adviser or chosen Investment Manager will be able to trade on your behalf your selected underlying

investments. Unless you possess the necessary expertise to deal with such investments yourself, we would recommend that you seek independent professional advice.

What are my options for self-managed trading?

If you wish to buy and sell investments yourself without advice from your adviser you will be restricted to using Stocktrade.

Further information can be found in the Member Trading Guidance Notes available on our website.

What happens if my investment requirements change?

You can change your investments at any time (except where there are restrictions preventing this).

We would recommend that you seek expert financial advice from an appropriately authorised Investment Manager, or Investment Adviser, before making any firm investment decisions.

TAKING INCOME FROM THE STM INTERNATIONAL PENSION PLAN

When can I take a pension income from The STM International Pension Plan?

Normally you would only be able to take your pension benefits from Age 55 onwards. However, under certain exceptional circumstances (for example ill health), it may be possible to take your benefits earlier.

What retirement benefit options are available to me?

The options available to you upon your retirement are:

- **Phased retirement** - As an alternative to drawing your benefits all in one go, phased retirement allows you to take your benefits in stages, enabling you to match your income requirements to your personal circumstances. Any part of your fund from which you have not taken benefits (uncrystallised) is still able to receive contributions (provided you are under age 75 at the time) and transfer-in payments from other UK Registered Pension Schemes or Recognised Overseas Pension Schemes.
- **Tax-free lump sum (known as a Pension Commencement Lump Sum)** - Up to 25% of your fund or your available Lifetime Allowance, whichever is lower, can be taken free of any tax deductions. You can choose to take this as a single lump sum or as a series of payments. Taking tax-free cash means that you must allocate an amount equal to three times the cash sum to be taken to one of the income options available.
- **Uncrystallised Funds Pension Lump Sum (UFPLS)** - This option will enable you to take your pension fund as a single lump sum, or a series of lump sums, with up to 25% of each payment (or 25% of the Lifetime Allowance - whichever is the lower) payable free of

any tax. The remainder of the payment will be classed as taxable income and, as such, subject to income tax deductions at your marginal rate.

Please be aware that by taking your fund as either a single lump sum payment or a series of payments, you could reduce your pension savings to nil.

- **Annuity Purchase** - An annuity is an insurance policy that will convert the fund you have accumulated within The STM International Pension Plan into a retirement income for the remainder of your life. Under the Open Market Option (OMO) you may choose any annuity provider available in the market. As there are a number of possible annuity options for you to consider, some of which are irreversible, and we would strongly recommend that you seek professional advice prior to making any final decision. There is no requirement for The STM International Pension Plan fund to be used to purchase an annuity, as you can continue to draw an income directly from your fund for as long as you wish to do so.
- **Flexi-Access Drawdown** - Flexi-access drawdown allows you to draw down different amounts of taxable income each year from the part of your fund designated for income payments (your 'crystallised fund'). The annual minimum is 0% and the maximum is 100% of the value of your crystallised pension fund. Any income taken under this option will be taxed at your marginal rate of income tax. With flexi-access drawdown, you are able to take your tax-free lump sum without drawing an income.

Please remember that the withdrawal of high levels of income through drawdown is unlikely to be sustainable for long periods of time. In addition to potentially reducing any future amount(s) you could receive from The STM International Pension Plan, it may also reduce any regular income you might have expected to have received in retirement.

When it comes to deciding your required level of income; any alternative potential income sources; and your overall financial situation; we recommend that you seek financial advice.

Your Financial Adviser, or your Tax Adviser should be able to advise you, as to how best to take your benefits prior to making any firm decision.

The STM International Pension Plan allows you to vary the amount of regular income you choose to receive, or withdraw one-off payments.

Where there are insufficient monies within The STM International Pension Plan designated bank account ten working days prior to any payment date, please be aware that payments will be delayed until the necessary monies become available.

Is my income taxable?

Any income you receive will be classed as earned income under current UK PAYE arrangements, and taxed accordingly. Tax will be deducted using the tax code we receive from HM Revenue & Customs (HMRC), and where this remains outstanding the emergency tax code will be used.

This will apply to all income payments, including any lump sum payment (but not the tax free amount) received from the UFPLS.

If you are not a UK Resident when drawing benefits, you should take specialist tax advice in your country of residence.

How frequently can my income payments be made?

You will have the option to vary your regular income as required. Income can be paid to you on a monthly, quarterly, half-yearly, or annual basis.

Additional one-off payments, as and when required, are also permitted.

Can I transfer to another pension arrangement?

Yes. With The STM International Pension Plan you are free to transfer either all or part of your fund into a UK Registered Pension Scheme, or a Qualifying Recognised Overseas Pension Scheme (QROPS), of your choice and at any time. Transfers to pension schemes that do not meet HMRC's requirements for Registered Pension Schemes or QROPS, are not permitted.

A tax charge of 25% of the transfer value may apply to transfers out to QROPS.

Please note: Partial "transfers out" into an alternative scheme are subject to Trustee approval. This will depend on the type of investments held which may mean your new scheme must be prepared to accept all of your investments at the time of transfer.

DEATH BENEFITS

What happens when I die?

On death, whether you are taking benefits or not, the remaining value of your pension fund will be used to provide a lump sum and/or pension income benefits. The Scheme Trustee will use its discretion to decide who should receive the cash payment bearing in mind any nomination that you may have made previously.

If the value of your pension fund exceeds your available Lifetime Allowance, a tax charge will apply to the excess. This is in addition to any tax charge mentioned below.

If you die before the age of 75, lump sum and pension income benefits are paid free of UK tax. Where you die

aged 75, or older, then the lump sum and/or pensions income benefits will be subject to the recipient's marginal rate of UK income tax.

WHAT ARE THE FEES ASSOCIATED WITH THE STM INTERNATIONAL PENSION PLAN?

For The STM International Pension Plan there are two fee structures available, you can select either the Fixed Fee Basis or alternatively the Variable Component Fee Basis. For full details of all fees associated with The STM International Pension Plan please refer to relevant Schedule of Fees document, a copy of which is available upon request or via our website at www.londoncolonial.com

YOUR RIGHT TO CHANGE YOUR MIND:

You have a right to cancel The STM International Pension Plan within 30 days from the day that you receive our letter accepting your application. Once you receive this, should you wish to cancel just complete the cancellation notice enclosed with that letter, and return it to us at the following address:

The Compliance Team
London & Colonial
Rockwood House
9-17 Perrymount Road
Haywards Heath
West Sussex
RH16 3TW

You will also have 30 days in which to change your mind with regards to:

- any additional transfer from another UK Registered Pension Scheme or Recognised Overseas Pension Scheme
- electing to take flexi-access drawdown

Will I lose anything if I cancel within 30 days?

If you change your mind within the cancellation period we will return any transfer payments to the pension scheme in question.

Please note:

- Where you decide to cancel The STM International Pension Plan within the cancellation period, none of our usual charges will apply. Refunds associated with assets already purchased during the cancellation period may be subject to fluctuations in their value and/ or investment costs/charges. As a result you may not get back the same amount as was originally invested.
- Third party costs associated with the purchase or sale of any assets during the cancellation period (for example, solicitor's fees for property purchases or stockbroker fees for shares purchases) cannot be refunded.

- Fees facilitated by us and paid to your Financial Adviser form part of a contract between you and your Financial Adviser and may not be refunded as part of your cancellation with us. Any refund of these fees would need to be agreed directly with your Financial Adviser. Furthermore, any outstanding fees owed to your Financial Adviser may still be payable.
- It may not always be possible to return transferred funds to their original pension scheme. Where this is the case it will be your responsibility to make arrangements for the funds to be transferred into an alternative UK Registered pension scheme or Recognised Overseas Pension Scheme.

WHAT INFORMATION WILL YOU SEND ME?

A statement will be emailed, or posted out, to you on the anniversary of the original start date of The STM International Pension Plan. This annual statement will include full details of all transactions, administration fees, and adviser fees associated with your plan for the previous 12 months. A valuation of the assets currently held within The STM International Pension Plan may also be included.

Around the same time we will also email to you a statutory money purchase illustration of possible benefits at your nominated retirement date, in respect of your uncrystallised fund only (i.e. the part of your fund not yet taken).

Where you are receiving income directly from The STM International Pension Plan we will send you:

- a payslip detailing both the amount of income we have paid to you and the amount of tax that has been deducted.
- a P60 after the end of the tax year showing the total amount of income that we have paid to you in the previous tax year.
- a statement each year setting out the percentage of the standard lifetime allowance used.

WHAT SHOULD I DO NOW?

Please speak to your Financial Adviser who will be able to answer any questions and tell you how to proceed.
