

Benefit Payment Form of Your Global SIPP

Once you have reached age 55 (or age 57 from 6th April 2028) you can request your fund be used to provide pension benefits to you. You may be able to access your pension before age (or age 57 when relevant) if you are in ill health or have a lower protected retirement age linked to a transfer. Please refer to your adviser if you believe this may apply to you.

Please state your date of retirement here:

Please ensure that you complete all sections as appropriate.

1. Lifetime allowance & protection

Before 6th April 2023 there was a limit called the lifetime allowance (LTA) that tested the value of your pensions when first accessed and imposed set tax charges if you went over. This allowance changed over tax years and certain people historically could apply for certain protections as the underlying figure changed. The rules also impacted on the maximum level of tax-free cash you could take and, in some cases, the taxation of benefits on death.

The UK government have said that they intend to abolish the LTA in the future. As an interim measure they have stated that they will not levy a lifetime allowance tax charge from 6th April 2023. However, the restriction on tax-free cash linked to the LTA still remains.

As such, we must still undertake checks to ensure that you do not exceed an upper cap on tax-free cash (or ensure you keep the right entitlement if you have protected lump sum rights linked to the old LTA rules).

Please note that you are not required to notify us of the following benefits on this declaration (as they do not count towards the LTA):

- State pensions, e.g. basic state pension, state earnings related pension scheme (SERPS) etc.
- Pension credits received as a result of divorce which were awarded prior to 6th April 2006.
- Pension entitlement following death - e.g. a spouse's or dependant's pension.

Please note that your benefits under Your Global SIPP cannot be paid until the information requested is provided. All sections of the form must be completed. If you do not have the information requested, please obtain it from the administrator/provider of your other pension arrangement(s).

1	If any aspects of your health or lifestyle mean that your life expectancy may be shortened or the quality of your life impaired are you aware that you may be eligible to purchase an enhanced or impaired life annuity?		
2	Are you aware that if you take some of your pension benefits now there are no guarantees as to the future level of income and/or lump sum that can be paid from your remaining pension savings and that this will depend on the performance of the investments made within your pension?		
3	If you have a spouse, civil partner or dependants, have you considered how pension benefits may be provided to them after your death?		
4	Have you considered the effect of inflation on the purchasing power of any pension income you may take?

6	If you are proposing to take an income from your pension savings (this is known as drawdown), have you considered the impact of the future performance both down as well as up, of the investments held in your pension savings fund and the changes to the level of your income which may occur as a result? If you do not plan to take an income please answer "Yes".		
7	Do you understand that we may be required by HMRC to deduct income tax from drawdown income or lump sum payments where this is appropriate?		
8	Do you understand that once money is taken out of your pension it becomes part of your estate for inheritance tax purposes?		

7. Your circumstances (continued)

		Yes	No
9	Are you aware that flexibly accessing your pension savings will reduce the amount that you are able to contribute to your pension in the future?		
10	Have you considered the financial effect any charges/costs may have by taking your pension savings and re-investing them elsewhere? If you do not plan to re-invest your pension savings please answer "Yes".		
11	Do you understand that money taken out of your pension could affect means-tested benefits you receive or are entitled to?

8. Declaration

- I confirm that the information I have provided in this form is correct and complete to the best of my knowledge. If further tax becomes payable because the information I have provided is proven to be incorrect then I understand that I will be wholly and personally liable for the tax charge due and any resultant penalty as may be imposed by HMRC.
- I request and consent to the payment of benefits set out in this questionnaire and agree that:
 - I will be able to change the amount of income within the limits set by the scheme rules but if I choose to do so an extra charge may be incurred on Your Global SIPP fund to meet the administration costs.
 - The scheme trustee has the right to liquidate investments to pay the benefits at its sole discretion in the absence of adequate instruction from myself or my appointed advisers.
 - If appropriate, the scheme administrator has my authority to check with HMRC the details of any enhancement to the benefits certificate in respect of my lifetime allowance.
 - I understand that if I take a pension commencement lump sum as a means to increase contributions to any UK registered pension scheme by a significant amount this will be treated as "recycling" in certain circumstances by HMRC and therefore the lump sum will be an unauthorised member payment and attract the tax charges associated with this kind of payment.
 - I understand that if I withdraw my entire pension fund in one payment London & Colonial shall be released of all liability in respect of Your Global SIPP.
 - I understand that if HMRC have not supplied the scheme administrator with the correct tax code to deduct income tax from my payment, I may need to contact HMRC to reclaim any overpayment of tax and this may not be possible until the end of the tax year.
 - If I flexibly access my pension fund by taking income under flexi-access drawdown or by taking an uncrystallised funds pension sump sum, I will notify the scheme administrator of any other schemes of which I am an active member within 91 days of receipt of the statement from London & Colonial.
- I hereby agree that this application shall be the basis of the proposed contract to provide benefits under the scheme.
